**RE: Public Comment Notice:**

**For:** Draft Individual Groundwater Discharge Permit #945-0

**At:** Wagon Wheel Community, Inc., 13 Buckboard Pass, Brookfield, MA

**MassDEP Transmittal:** #X256401

**Groundwater Discharge Permit:** #945-0

Dear Ms. Myers:

The Massachusetts Clean Water Act (M.G.L. c.21, s.21-53) was amended by Chapter 246 of the Acts of 1973 to authorize the Massachusetts Department of Environmental Protection (the MassDEP), to regulate discharges into all waters of the Commonwealth, including groundwaters. The MassDEP regulates discharges through the issuance of discharge permits, which impose limitations on the amount of pollutants that may be discharged in the effluent, together with monitoring and reporting requirements and other conditions to insure adequate treatment of all liquid wastes prior to discharge.

The MassDEP has completed its technical review of your application submitted on behalf of the Wagon Wheel Community, Inc. to discharge treated wastewater from the facility to be located on 13 Buckboard Pass, Brookfield, MA to the ground, and has developed the conditions contained in the enclosed draft permit.

The proposed draft permit can only be considered in draft form because of provisions in the Law regulating public notice of the proposed issuance of the permit and opportunity for public comments and public hearing. Following receipt of comments on the public notice, and public hearing, if held, the MassDEP will issue its final determination to issue or deny the permit.

Enclosed herewith is a copy of the public notice for your groundwater discharge permit. The enclosed public notice should be published to start the thirty (30) day public comment period.

In accordance with 314 CMR 2.06(4) and M.G.L. c.30A, the applicant or permittee, as applicable, shall publish public notice of the permit proceedings in *The Environmental Monitor*, a publication of the Massachusetts Executive Office of Energy and Environmental Affairs. For instructions on filing this notice with MEPA please refer to MEPA's website at <http://www.env.state.ma.us/mepa/submittingnotices.htm>

The applicant or permittee shall submit to the Department a copy of the public notice as published in the *Environmental Monitor*, within seven days after the date of publication or at such other time as the Department requires. This information should be sent to the attention of John Ostrosky at the above letterhead address. The mandatory thirty day public comment period will commence with the date of publication of the public notice.

If you have any questions on any of the information discussed in this letter, please contact John Ostrosky of MassDEP at (508) 767-2774.

Sincerely,

David Boyer  
Acting Section Chief  
Wastewater Program
